Dear Valued Patients,

The opportunity to serve you for the past 34 years as your dentist, health advisor, and friend has, indeed, been my pleasure. Through the years I have watched your children grow up and have children of their own that have become patients as well. We have truly grown up together. I have appreciated your support and friendship over the years and feel you have become my extended family. Now, it is time for me to pass the torch. With great consideration, I have decided to retire from dentistry. I have conducted an extensive search for a dentist who will serve you with the quality of dental care you have come to desire and expect. Let me share the background of this exceptional and experienced doctor.

I am excited to introduce Dr. Nicole Kuske. She graduated from UCLA, with an undergraduate in biochemistry, and graduated from USC with her dental degree. She grew up in Southern California, and has history similar to my own. She married her high school sweetheart and has two beautiful daughters. Her greatest past time is shared with family.

Dr. Kuske has been practicing in the area for the past 8 years. She is a member of the American Dental Association and California Dental Association. Additionally, I feel her kind and caring personality will be a real asset to both patients in the office and entire Mission Viejo community. The team was also very impressed with Dr. Kuske, and all look forward to working with her. All of your dental records will remain in the office, and future appointments and continuing care will be provided in the same nature.

Be assured that Dr. Kuske is current with advancing dental sciences. She prefers proven and safe procedures and is known for her gentle touch in providing high quality dentistry and personalized care. This includes, cosmetic dentistry, Invisalign, pediatric, endodontics, and finally, surgical and implant dentistry.

I have greatly appreciated the opportunity to serve you throughout the years. I am confident that you will enjoy Dr. Kuske, just as much as I have enjoyed getting to know her. Please join me in welcoming Dr. Kuske to her new extended family. I would also like to send a sincere thank you and best wishes to each and every one of you!

Kindest Regards,

Dr. Thom
